Potential exemptions from licensing

Faith-based organizations: Faith-based organizations serving food in their building (church, synagogue, other houses of worship) or on their property for fund-raisers or community events are exempt from licensing. However, they must provide a certified food manager or volunteer trained in a food safety course.

NOTE: This exemption does not apply to faith-based organizations at the state agriculture society or county fairs, or to faith-based organizations that choose to apply for a license.

www.health.state.mn.us/foodsafety/away/groupsfaithex.pdf

Tax-exempt fraternal, sportsman or patriotic organizations: These organizations holding food events in their building(s) or on their property at which home-prepared food is donated by organization members for sale at the events, are exempt from licensing, provided:

- The event is not a circus, carnival or fair
- The organization controls the admission of persons to the event, the event agenda, or both
- The organization's licensed kitchen (if they have one) is not used in any manner for the event

NOTE: These exemptions do not apply if the event is held at a location other than their own property.

Minnesota Cottage Food Bill (Requires registration with Minnesota Department of Agriculture)
Cottage food operations can now sell some types of non-potentially hazardous foods from home and at some local markets, and they can sell up to \$18,000 of products per year. Before starting their business, an operation needs to register with the Minnesota Department of Agriculture department and take a food safety training course.
